Alldigi's Rise as a Star Performer in

GLOBAL PAYROLL SOLUTIONS

Everest Group
PE∆K MATRIX® | **MAJOR CONTENDER** 2025
MULTI-COUNTRY PAYROLL SOLUTIONS – APAC

Everest Group
PE∆K MATRIX® | **STAR PERFORMER** 2025
MULTI-COUNTRY PAYROLL SOLUTIONS – APAC

Recognized by **Everest Group** in Multi-Country Payroll Transformation

The Everest Group MCP Solutions PEAK Matrix® 2025 names Alldigi Tech a Star Performer in the Major Contender Category a distinction awarded to providers demonstrating exceptional capability, accelerated growth momentum, and measurable enterprise impact. This recognition validates what our customers consistently experience: global payroll delivered with accuracy, intelligence, and unwavering precision.

As a Digitide company, Alldigi has established itself as a trusted, platform-led transformation partner for enterprises operating across 100+ countries countries. With the SmartPay platform, an automation-first architecture and strong global delivery strength, we enable enterprises to unify multi-country payroll, strengthen governance, and elevate employee experience at scale.

Why Modern Enterprises Choose Alldigi

Today's enterprises require payroll that is accurate, compliant, centralized, and scalable. Alldigi delivers a high-control, low-risk payroll environment through:

- **AI-Led Validation & Reporting**
- **Real-Time Global Payroll Governance**
- **Unified Visibility Across Geographies**
- **Standardization for Diverse, Hybrid and Distributed Workforces**

The Proven Edge Behind Alldigi's Star Performer Rating

Everest Group didn't just recognize Alldigi for capability — it recognized us for repeatable, measurable outcomes that directly solve the biggest pain points of global payroll leaders: accuracy, compliance, cost, scalability, governance, and employee experience.

Enterprises partner with Alldigi because our strengths translate into business impact from day one — not theoretical promises.

1. A 5-Phase Implementation Model Built to Eliminate Risk

Alldigi's structured approach delivers stronger governance, faster stabilization, standardized workflows, and complete leadership visibility right from day one. Our five-phase methodology — discovery, configuration, migration, parallel runs, and hypercare — ensures a predictable, low-risk transition across all markets.

2. 99.9% Accuracy at Global Scale

SmartPay enables enterprises to operate with a reliable, error-free global payroll backbone, scaling from 35+ countries on the proprietary engine to 100+ countries without adding operational burden. AI-driven validation, compliance intelligence, real-time statutory updates, and multi-cycle parallel runs guarantee uncompromised accuracy in every payroll cycle.

3. Up to 40% Cost Savings Through Automation & Governance

By reducing manual effort, eliminating reprocessing, and standardizing processes across geographies, Alldigi helps enterprises achieve up to 40% lower operational costs while strengthening accuracy and compliance. Automation-first workflows transform payroll into a lean, high-performance operation.

4. High Value Delivered — Proven Outcomes, Not Claims

Alldigi consistently delivers faster payroll cycles, reduced compliance exposure, higher employee satisfaction, and clear ROI from automation-led efficiencies. Everest validates our ability to convert platform capability into real-world business impact for global enterprises.

5. Strong Vision and Strategy — Built for the Future of Payroll

Enterprises gain long-term stability, continuous innovation, and payroll ecosystems that effortlessly scale with regulation and business growth. Everest highlights Alldigi's focused investments, future-ready roadmap, and strategic clarity as key differentiators.

6. Mature Technology Capability — AI, Automation, and Platform Intelligence

Our modern platform architecture gives enterprises the insight, control, and scalability needed for global operations. SmartPay delivers standardized payroll across markets, seamless integrations, intelligent reporting, and 99.9% accuracy backed by AI-driven validations.

7. Solid Services Capability — Reliable Execution Across Geographies

Enterprises experience consistent payroll performance, strong in-country support, and predictable delivery timelines. Everest recognizes Alldigi's mature services backbone for enabling stable execution across complex APAC and global markets.

8. Innovation and Investments — Accelerating What's Possible in Payroll

Alldigi's continuous platform enhancement, compliance automation, and global expansion translate into lower operational effort, improved performance, and a future-proof global payroll ecosystem for enterprise clients.

9. High Engagement & Commercial Model — Customer-Centric by Design

Our partnerships deliver transparent governance, flexible commercial models, and consistently responsive engagement, enabling enterprises to scale confidently without friction or cost unpredictability

Everest's Overall Verdict

These strengths illustrate why Alldigi is positioned as a trusted, transformation-oriented payroll partner.

Where Alldigi Excels

- Platform Advantage – SmartPay

  - Multi-country payroll engine
  - Blue-collar, gig, and expat payroll support
  - Multi-currency and multilingual delivery

- Automation Advantage

  - AI-assisted validation
